

To Whom it May Concern:

K-LOVE Radio is a huge part of my daily life here in Vista. I can't imagine how disappointed my family would be if this radio station were not available in our area. K-LOVE gives listeners a lift everytime you listen, and I love the fact that I don't have to monitor what is being listened to with this station. My kids can enjoy the music without fear of bad language or inappropriate comments on the way to school or practice. This is such a blessing and I hope you will keep our broadcast signal strong. Please don't take away this station that helps so many and asks for nothing in return.

Thank you for your time and consideration,

Lisa Perez
